Dear: ..... (customer name)........

Address:

Customers: YOU CAN USE THE MARK OF **SYSTEM** CERTIFICATION

CONFORMS TO STANDARDS …….. ABOUT ……..

ACCORDING TO **CGLOBAL'S** REGULATIONS

1. Template of CGLOBAL's system certification mark and brand logo

1.1. The certification mark is granted for customers to use	**1.2. CGLOBAL's brand logo**

2. Guidelines and regulations for the use of the mark

Depending on the needs for internal operations or brand promotion activities, customers can use the certification mark in section 1.1. mentioned above and can be affixed with CGLOBAL's brand logo in section 1.2 above. However, it is necessary to comply with the requirements below. In case CGLOBAL detects that the requirements below are not met, it will be considered is the basis for CGLOBAL to make decisions regarding the validity of customer's Certificate.

2.1. The standard conformity certification mark is presented directly on the accompanying technical documents for propaganda and advertising in the mass media and on Customer's introductory and commercial transaction documents (advertising programs, letters).

2.2. Do not use the system standard certification mark on the product or product packaging or in any other way that can be construed as appropriate to the product *(unless the standard Owner has approved it under the certification program of specific standards of associations/coaliations and organizations issuing standards in the world)*

2.3. Customer statements used on product packaging must not imply that the product, process or service is subject to certification.

2.4. The standard conformity mark can be enlarged or reduced but must ensure the correct ratio and recognizable with the naked eye.

2.5. The standard conformity certification mark must have the same color as the color issued or shown the same color.
